DISCERNMENT

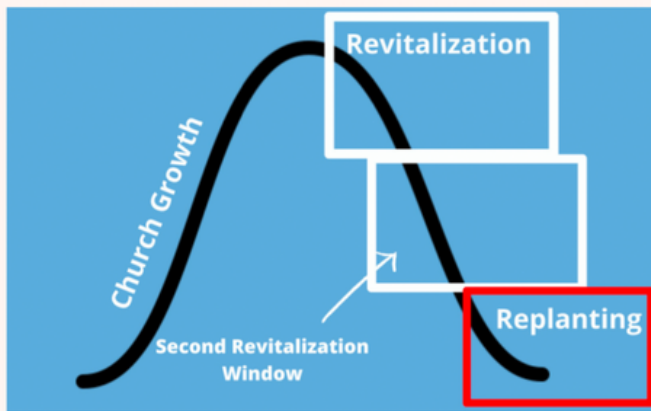

Need help determining if a church restart is right for you? We recommend that the pastor and leaders read the "Dying to Restart" book and then connect with us on a zoom call to learn more.

LEADERSHIP

Leading radical change requires a special type of leader. We love helping leaders discover fresh life in their ministry through coaching and encouragement.

SPEAKING

Need to inspire your group or church to make a change? Let us challenge you to find new fruitfulness in your ministry by doing whatever it takes to reach your community for Christ

THERE'S HOPE

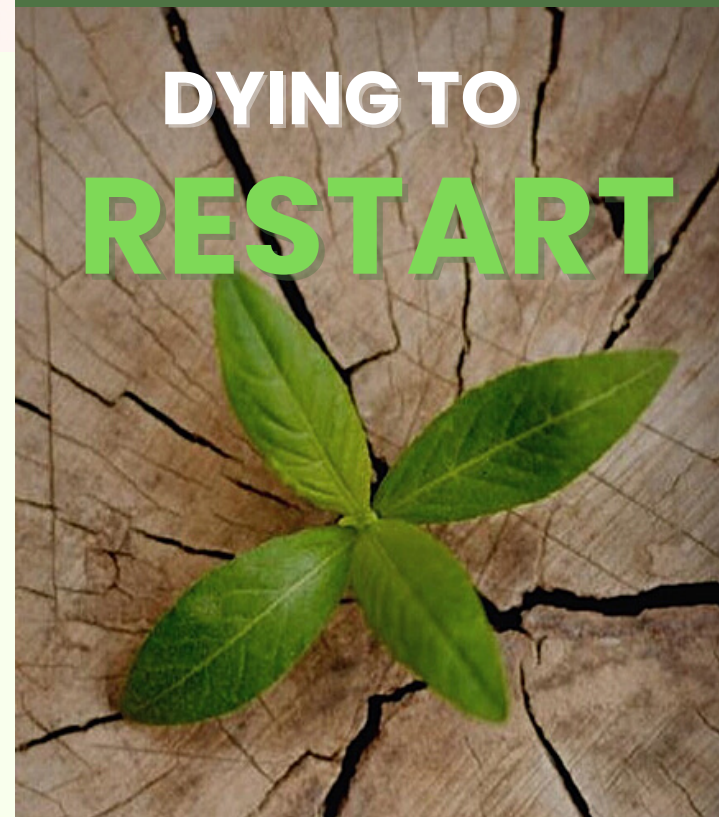

We are committed to helping churches find hope in the midst of desperate situations. After 40 years, most churches begin a long steady decline in health. If the church has missed the windows to revitalize, we offer an option called "restarting" or "replanting." It's a radical step, but we've walked with dozens of churches through the process and we can help guide you into a hopeful future filled with Kingdom fruit.

WHAT IS A RESTART?

Would your church rather make hundreds of painful incremental changes that will take years to complete or one big painful change?

Restarting is similar to "Extreme Home Makeovers." A church goes into a season of intense change and emerges as a fresh, new church ready to share Christ with their community. A restart uses the existing people and resources as the foundation for the new church.

RESTART COACHING COHORTS

DISCERNMENT COHORTS

Join us for a 3 month coaching cohort to learn more about the restart process and to discover if its a good fit for your church. At the conclusion of the cohort, a consultant will work with your board to help with the final decision.

RESTART LAUNCH COHORTS

Restarting is so much better together! Join 4-5 other pastors in an 8 month cohort where we will walk with you through the entire process including temporary closure, retraining and relaunch. After the cohort you are invited to yearly alumni gatherings.
